

**MODERNO**  
car leather

hillmann.

## About

---

MODERNO is a car leather made from the best rawhides with a protective pigmentation layer. The distinctive embossing of the leather has been refined with a semi-matt finish, which creates a protective layer against moisture and dirt. This special manufacturing process makes MODERNO an extraordinarily low-maintenance and very durable leather that makes every interior unique.

## Specifications

---

Hide size	5 – 6 m <sup>2</sup>
